

Tailspin FinOps — Optimization Decision Register

Decision register | Change window: September 2026

Resource: tailspin-unused-ip-02

Decision: Approved for removal after the owner confirms the final dependency scan. The change owner is tailspin-platform.

Resource: tailspin-batch-vm-02

Decision: Rightsizing is deferred until the September batch close. Do not reduce capacity before owner approval and a rollback plan are recorded.

Resource: tailspin-archive-disk-02

Decision: Deletion is on hold pending finance owner confirmation and a legal-retention check.
